Class A-D Clean Room Compliance & Recommendation

This is to certify & confirm that the undermentioned brand name products & foam materials are compliant with the cGMP requirements for Class A-D Clean-Room occupancies as specified in:

FDA Asceptic processing Guide 2004
EU GMP Annex 2008
EU 14644-1

1. ZOTEK® F42HTLS White, Polyvinyl Dene fluoride Foam
2. **T-FIT®** CLEAN Clean Technology Thermal Insulation System

T-FIT® Clean is manufactured exclusively from Zotefoams ZOTEK F42HTLS, a closed cell, non-shedding, hydrophobic, white pvdf foam, that is also extremely resilient to bacteria & mould growth (please see the attached ASTM G21-96 (2002) and Clean Room Specification Compliance Certificate.

T-FIT® Clean and its forerunner product T-TUBES®, has been successfully installed in clean rooms (Class 100 -100,000/A-D/ISO 5-8) around the world for major Biotech, Pharmaceutical & Semiconductor facilities since 2007.

In addition, it is the only foam and insulation material, that is both compliant and specification tested to FM Global FM4910.
